A proven Product Manager with UX Design background...

...working in B2B and B2C marketplaces. I am a loyal, humble and flexible employee with 19 years experience at one organization. I have worn many hats as a Senior Product Manager, Design Supervisor, Marketing and Web Designer. I have experience with prototyping, pricing analysis, road mapping and agile project management.

Product Manager Experience

Senior Product Manager, Consumer Experiences | *Trader Interactive, Dec 2021 - Present*

Product Development Manager with our Private Party ad placement (20m annual revenue, serving over 100k users) with focus on package pricing (double digit annual revenue growth over 2 years).

Product Manager, Consumer Native Apps | *Trader Interactive, Jan 2019 - Dec 2022*

Product Manager for the Trader native apps; working closely with an iOS and an Android developer to grow our consumer reach and test new designs on our highly engaged app users. We rebased the app store ratings and increased from 2 to 4 star average and doubled active user base.

Product Development Manager, Commercial Brands | *Dominion Enterprises, Jan 2012 - Jun 2017*

Product Development Manager with Dominion Web Solutions' Commercial Brands, Agile scrum team of four developers. I managed two brands, Commercial Truck Trader and Equipment Trader and managed the entire product, from search, SEO, inventory management dealer and private seller listing.

UX Design Experience

Graphic Design Supervisor, Dominion Enterprises | *Aug 2008 - Jan 2012*

Managed a team of 4 web and marketing support designers for the Trader brands.

Web Graphic Designer, Dominion Enterprises | *Sep 2005 - Aug 2008*

Design mocks for Product enhancements and site redesigns for RVTrader.

Marketing Graphic Designer, AutoMart.com | *Aug 2004 - Sep 2005*

Marketing graphic designers were responsible for creating print and internet advertising promoting AutoMart.com. Another responsibility was handling the ad trafficking for AutoMart.com's internet ad spots.

Junior Designer, Northrop Grumman Newport News | *Sep 2003 - Aug 2004*

Entry level industrial design training program where I learned AutoCAD, Catia 3D and 2D modeling, mechanical drawing, ship design, and naval shipbuilding history.

Graphic Design Co-op, Norfolk Southern Corporation | *May 2001 - Aug 2002*

Three Semesters (1 year) full-time employment with the NS Visual Communications Department.
